

PRESS RELEASE

February 23, 2006
Stockbridge, Georgia USA

FOR IMMEDIATE RELEASE

Shafer Enterprises LLC of Stockbridge, GA, manufacturer of **GOOL SHIRT®** *Personal Cooling Systems* for industry, announces the development of new **Safety Pull Release Connectors** now available for **all** cooling systems. These patent-pending connectors allow *automatic release* of the user from the cooling system at 17 pounds pull in case of an emergency, providing added safety for the user. **GOOL SHIRT®** *Personal Cooling Systems* have been independently-tested and proven to be extremely effective for reducing heat stress and the fatigue it causes. Helps keep workers cool and mentally alert, helping prevent heat fatigue and heat stress. For more details call (800)345-3176 or visit them on the web at www.coolshirt.net
