in Personal Cooling**

INDUSTRIAL

Shafer is the leading manufacturer of personal cooling in the world and we custom design many of our cooling solutions to fit the specific needs of our customers. Research and development has brought new products to market From the untethered freedom of our self contained completely portable systems to group cooling stations and constant cooling for forklifts, we have your solution.

Cooling Solutions for Hot Environments

Employees working in hot environment are exposed to heat stress which reduces productivity and increases the frequency of accidents. Personal cooling can greatly reduce heat stress in the work place and safely increase productivity. Shafer is the premier supplier of personal cooling for industry.

OSHA has determined that the use of personal cooling devices can prevent heat stress in employees that work in hot environments. (OSHA Fact Sheet No. OSHA 95-16)
